Dear Mr Bear,

**Re: Appreciation for your support for the Business School's educational mission**

I am writing to you on behalf of the Business School to express our gratitude to you for your recent contribution to our students' learning experience in MIBS6007 International Business Projects.

I understand from the unit coordinator, Jacqueline Mees, the insights and ideas that you shared with the class during your presentation added immeasurably to the students' appreciation of the subject matter and was extremely well received.

Whilst I know that Jacqueline has already thanked you personally for your outstanding contribution, exceptional enthusiasm and professionalism, on behalf of the Business School let me also express our appreciation for your generous and valuable contribution to our educational mission. We see our guest speakers as vital members of our learning community and as key contributors to our engagement with industry and the wider community.

We do hope that you will continue your association with us and we look forward to being able to reciprocate in the near future.

Yours sincerely,

Associate Professor Geoffrey Frost  
Associate Dean (Graduate Business)
