

BLUEMONT

— P T Y L T D —

Project type: Bridge pylon erosion
Location: Gilbert River, Carpentaria Shire Council, Far North Queensland, Australia
Date: November 2020
Kyowa: 2t Kyowa Eco-Green rock bags
Client: RoadTek North / QLD Department of Transport and Main Roads

Summary: Kyowa rock bags were used to prevent pylon scouring around multiple piles.
The Gilbert River bridge is in a remote location on the Burke Developmental Rd.
The challenges included the limited access under the bridge, rock shelves and crocs.
